

Whistleblower Channel for reporting Misconduct

You can use the new whistleblower channel to inform Automatic-Systeme Dreher GmbH if you witness an incident that violates company guidelines or the law.

Submit a Message:

1. Open message page
[<https://whistleblowersoftware.com/secure/dreherautomation>]
2. Fill out and send the form
3. Save password for access
4. The report can be accessed and tracked with the password via the reporting page

All information you share is protected by the [Hinweisgeberschutzgesetz](#) and a secure whistleblowing platform. No IP addresses are stored, data is encrypted end-to-end and metadata is removed to protect your identity.

**Help us to uncover grievances at
an early stage and share your
concerns with us:**
